Weekly exam and answer sheet will preserve for whole course duration And final Sresult will come having aggregation result of 6(six) months evaluation.

Third Work

Making new paragraph press Shift + Enter

Bangladesh is often associated with flooding, cyclones and famine. However, this densely populated nation on the Ganges/ Brahmaputra /Meghna Delta is an innovator in development, and is quickly pulling its people up out of poverty. Although the modern state of Bangladesh only gained independence from Pakistan in 1971, the cultural roots of the Bengali people run deep into the past.

Fourth Work

Defferent Types of Font

The unicameral parliament is called the Jatiya Sangsad; its 300 members also serve 5-year terms. The president officially appoints the prime minister, but he or she must be the representative of the majority coalition in parliament. **(Times New Roman)**

The current president is Zillur Rahman. Bangladesh's Prime Minister is Sheikh Hasina. Population of Bangladesh :(Arial Black)

Bangladesh is home to approximately 156,000,000 people, giving this lowa-sized nation the eighth highest population in the world. Bangladesh groans under a population density of almost 3,000 per square mile. **(Arial)**
